WE CARE YOUR E-CONTENT

CEO MESSAGE

To our clients, partners, and future collaborators, For over 15 years, the digital landscape has been evolving at a breathtaking pace. Through it all, one constant remains: the need for clarity, structure, and reliability in how we build and communicate online. When I founded JatsTech, it was with a simple belief: that technology should be a powerful enabler, not a complex barrier. This philosophy is the bedrock of everything we do. It guides our team as we engineer sophisticated web applications that drive businesses forward, and it fuels our meticulous work in structuring scholarly content with JATS XML to advance global research.

(Taimoor Chaudry, JatsTech)

ABOUT

For 15 years, JatsTech has been at the heart of the global publishing ecosystem. We began with a simple goal: to help researchers and publishers communicate complex ideas with absolute clarity and technical precision. Our journey has been shaped by the evolution of digital publishing, and we have grown into a specialized force in JATS XML and end-to-end manuscript production.

We understand that behind every manuscript is years of dedicated research. Our mission is to honor that work by ensuring its presentation is flawless, its metadata is rich and accurate, and its format is future-proof. We are more than a service provider; we are engineers of information, building robust bridges between original research and its global audience.

ABOUT

MISSION

Our mission is to empower the global research community by providing technically superior and reliable publishing services. We are dedicated to transforming complex manuscripts into structured, accessible, and interoperable content through precise JATS XML conversion, innovative tool development, and meticulous production support. We strive to be the invisible engine of accuracy and efficiency behind prestigious publications worldwide.

VISSION

To be the world's most trusted and technically advanced partner in scholarly publishing, setting the standard for quality, innovation, and reliability in data structuring and content delivery. We envision a future where the seamless flow of knowledge is unlocked by intelligent, structured data, and we are committed to forging the tools and solutions that make it possible.

ABOUT

WHY CHOOSE US

01 QUICK

02 AFFORDABLE

03 EXCELLENT

■ OUR VALUES

Precision & Accuracy: In the world of research, there is no room for error. We are meticulous in our work, ensuring every tag, every equation, and every citation is perfectly placed.

TESTIMONIAL

DR. Phil Feldman

Editor in Chief Project Innovation

I have partnered with JATSTECH since 2014. I publish three quarterly journals and JATSTECH manages production, fulfillment, and customer service. They have helped me significantly reduce my production costs, as well as migrate my digital journals to a new online platform. They always provide excellent and prompt customer service. I highly recommend their services.

Dr. Safwan Ahmad Khan

Assistant Editor Journal of Neonatal Surgery

We have hired the services of JATSTECH since 2016. Our team is publishing three quarterly journals and JATSTECH manages the conversion from PDF or Word to XML format in accordance with the requirements and nomenclature of PubMed Central®. They have been excellent in their work. Their customer service is very rapid. We recommend the precise and accurate services of JatsTech

Dr. Peter Zajac

Chief Editor, Potravinarstvo Slovak Journal of Food Sciences

JatsTech Services are absolutely good as well as their price is low but their work is quality wise absolutely good. We recommend their services to other authors
